

Learn to Surf

Catch your first wave or improve your technique with an experienced surfing instructor on the beautiful beaches of Grande-Terre.

Guadeloupe offers excellent surfing spots for both beginners and more experienced surfers. With guidance from a certified instructor, you will learn the basics, practise your technique and experience the excitement of catching the waves.

Our local partner has more than ten years of professional surfing experience and is passionate about sharing the sport. After the session, enjoy a picnic on the beach before stopping briefly in Sainte-Anne on the way back, where you can buy an ice cream or a drink.
