

Visit Sainte-Anne

Spend a relaxing day on one of Guadeloupe's most beautiful beaches, with white sand, shallow turquoise water and a laid-back Caribbean atmosphere.

Sainte-Anne is the perfect place to slow down and enjoy island life. Relax on the soft white sand, swim in the calm bay or explore the colourful market stalls selling fruit, spices and local punch.

The shallow water makes the beach especially suitable for families with younger children, while nearby restaurants offer the chance to enjoy Caribbean flavours accompanied by the rhythms of Zouk music.

Once in Sainte-Anne, the day is yours to enjoy at your own pace. Settle in on the beach, browse the market or simply take in the relaxed atmosphere.
